15.15 Final Deliverables Checklist

Your full Figma system must contain: - [] Breakpoint Frames (1280/1440/1536/1920) - [] Grid Applied - [] Button Components (S/M/L + States) - [] Input Components - [] Navigation Components (Sidebar + Topbar) - [] Card Components - [] Table System - [] Modals - [] Alerts / Toasts - [] Badges - [] Charts placeholders - [] Icon set - [] Typography Styles - [] Color Tokens - [] Spacing Tokens - [] Shadows

If you want, I can now **add a full visual wireframe layout** for each breakpoint or create **a structured component naming system (Atomic Design based)**.
